

WHO ARE WE?

Innovation has been part of Marrel's DNA since its foundation in 1919. The company has distinguished itself by inventing groundbreaking concepts that are now recognised worldwide, such as the Ampliroll® hydraulic hooklift and the Multibenne® skiploader.

From idea to design, development and production: everything is carried out at the Marrel site in Andrézieux Bouthéon (Loire, France).

KEY FIGURES

30.000 M² covered area

200 MARREL employees

50 Share (%) of export sales

International ambitions

The MARREL - FASSI GROUP network covers more than 60 countries on five continents.

In North America, Marrel has had a subsidiary since 1980: Marrel Corporation.

FASSI Group France x Marrel

As part of the consolidation of the FASSI Group's companies in France, FASSI Group France oversees coordination and cooperation between all its brands.

The combined expertise of each area of specialisation is the group's strength with the following guiding principles:

Excellence

Quality

Innovation

MULTIBENNE®
Skiploader

Rear, 2-way & 3-way
Tipper scissors

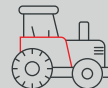

MARREL

A tailored approach by business unit

Because every sector has its own specific requirements, we offer tailor-made equipment for greater handling diversity and optimized performance.

Environment

Agriculture

Construction

Defence & Rescue

Local authorities

Mining Industry

“ MARREL’s ambition is to aim higher and go further; there are no limits for us as long as we have the right combination of the right product and the right partner, in the right place.

Arnaud Thieulin
- Marrel CEO

OUR COMMITMENTS

An online tool dedicated to our partners

This platform brings together all the commercial and technical documentation for Marrel equipment and simplifies the process of contacting the various technical departments (warranty, spare parts, support).

A constant work in design & innovation

3% of the turnover invested each year

Quality guaranteed

360° Quality Control & Traceability Certified Management System

A local & international network

Ongoing support right from the project phase
Dedicated contacts in each country

People: the cornerstone of our approach

The Marrel spirit lies at the crossroads between a passion for the trade, the ingenuity of a company that has been in business for over 100 years, and a commitment to driving projects forward as a team.

From day one, our employees have helped shape our history.
